CONSUMPTION.

The early symptoms of this disease are a sense of weariness upon little exertion, and disposition to remain passive and idle; a peculiar sensitiveness of the effects of cold, and a shortness of breath upon moving quickly or ascending a hill or stairs, a slight hacking cough with or without expectoration, flying pains throughout the chest or back or under the shoulder-blades; the symptoms are worse towards or during the night; slight fever in the afternoon, cold feet and hands, and in many cases blue lividity of the lips and roots of the finger nails. The more advanced symptoms are wasting of flesh, diarrhœa, chills and fever, night sweats, expectoration of yellow pus from the ulcers or cavities in the lungs, with or without a depression of the chest, increasing weakness, and at last a closing up of the air passages of the lungs, causing strangulation or suffocation of the patient for want of power to expectorate the mucus from the lungs. Heretofore the treatment of consumption has been very unsatisfactory, both to physicians and their patients, but luckily, since the discovery of the Aerean system of practice, a few years ago, thousands of cases have been completely cured, where, had it not been for this system of practice, utter failure to combat the evils of the disease would have continued up to the present time. The system of Medicated Inhalation is the only means by which these diseases can be cured. By this means we are enabled to dissolve the hardened mucus in the lungs, ease the cough, facilitate expectoration, contract and heal ulcers and cavities after all hope of cure by ordinary methods is passed. CONSULTATION FREE. Those who desire to consult with me in regard to their cases had better call personally for an examination, but if impossible to do so, may write for a list of Questions and Medical Testimonials. Address M. HILTON WILLIAMS, M. D., 275 North Main street, Los Angeles, Cal. Office hours from 10 a. m. to 4 p. m.; Sundays from 3 to 4 p. m. Professional visits before and after office hours. no19 d&w

W. N. DAVIS, M. D.,

M. C. P. S. O.

GRADUATE OF CHICAGO HOMŒOPATHIC College, Chicago, Member of College of Physicians and Surgeons of Ontario, having devoted several years to the special treatment of diseases of the nose, throat, lung, liver, and kidneys, as well as all chronic diseases, will continue to pay special attention to the same.

Consumption

And bronchitis treated by the aid of medicated inhalations, a new apparatus being employed by which means the inhalation can be taken during sleep, which quiets all unproductive cough. A clearing-out cough usually occurs in the morning. This gives nature a chance to heal the diseased lungs and lessens the tendency to hemorrhage. Constitutional medicines are employed in all cases.

Catarrh

Causes a great deal of inconvenience to the sufferer as well as to friends who are constantly in his presence, by the disposition to clear the head. This disease is usually located in the back part of the nose, and can be cured by our mode of treatment in every case if not too far advanced.

GENERAL HATCH has got the Oklahoma Boomers bottled up, and is quietly waiting for them to surrender. There is small prospect of a fight.

"FIFTY BELOW" at Mount Washington, New Hampshire, is enough to make a cast-iron monkey emigrate to a warmer clime, lest he drop something.

THE United States cavalry are picking up Mexican bandits and mutineers who murdered their *comandante* at Ensenada, and then fled to American territory.

GERMANY is pushing her colonizing schemes on the west coast of Africa in so energetic a way that England is becoming alarmed for the safety of her Sierra Leone colony.

A CLOSE calculator estimates that the average "stand-up drink" of whisky, for which fifteen cents are paid over the bar, costs the distiller one-sixth of one cent. The margin is for "trimmings" and profit.

THE entering wedge for the introduction of the $250,000 school-book publishing scheme was driven yesterday, in the shape of a bill by Firebaugh appropriating that sum to start the educational ball to rolling.

SOME more missionaries are going to Africa. The natives of that country pine when their supplies of baked missionary run short. The heathen must be cared for. Baked missionary comes high, but they must have it.

A. B. JOHNSON writes to the editor of the Cone, from Los Angeles, Cal., that the roses are in bloom. It's noses not roses that are in bloom here.—[White Pine (Col.) Cone.

Cone such things be and not overcome us like a sealskin blanket?

GENERAL GRANT'S paper in The Century for February, on "Shiloh," is attracting wide attention in the East. We count it a fortunate thing for the country and its annals that the Silent Man has taken up the pen and begun the interesting and important work of writing military history.

GOV. STANFORD has already outlined his proposed gifts to the State, which promise to be truly munificent. It looks as though he really meant to make a "clean breast of it" and give back to California the larger part of the vast wealth which he has acquired from her people.

MRS. J. ELLEN FOSTER of Iowa, the ablest of all the women temperance advocates, declares that "temperance work should be a great moral reform, outside of politics, at least so far as having a political organization." Now the cranks will jump onto Mrs. Foster again.

GENERAL STEWART'S little victory over the sons of the desert the other day has thrown all England into contortions of delight. It has been so many years since the British won a clean victory over an equal in fair fight that they no longer blush to own that inferior peoples and nomadic tribes are their best "holt" when it comes to the game of war.

THIS is the free and breezy way in which would-be Senatorial dignitaries are spoken of in the broad and blooming West. We quote from the White Pine (Colorado) Cone:

When Bill Hamill gets through fooling with the Senatorial hornet, he will have to sell a short-horn or two to pay expenses.

As the Senatorial contest in Colorado is over, and Mr. William Hamill "got left," the presumption is that his herd of short-horns will be speedily diminished in numbers, provided its owner is a man who pays cash.

INDICATIONS are not wanting that those "cheap school-books" which were promised the people of the State of California, if they would only vote for the constitutional amendment providing for the printing of these books by the State, will not prove to be cheap books after all. The State Printing Office is calling for heavy appropriations, and more than one able statesman in the Legislature would like to get the job of editing the paper bills involved in the big venture. The work of editing white paper by the ream is said to be an alluring task.

WE do not find it necessary to make any lengthy response to the ill-natured remarks of the Evening Express anent "those resolutions" and that alleged committee meeting at which they were adopted, further than to ask that uneasy sheet, conspicuous for its *faux pas* and bad break, whether four is a majority of nine, and whether it thinks "proxies" should count in an executive committee meeting, while full members of the County Central Committee, living within a stone's throw of the more or less clandestine place of assembling, were carefully *not* invited to be present? The TIMES desires to see that committee perform all its functions freely and fully, untrammeled by improper interference from any source, and that is why it objects unqualifiedly to a very small minority of it assuming to speak for the whole.

The English Troops Following Up Their Late Victory.

THE KHEDIVE OF EGYPT TO VACATE.

Germany Grasping for a Slice of Africa—Great Suffering in Italy—Other Foreign Tidings.

Associated Press Dispatches to The Times.

LONDON, Jan. 22.—A report is current that General Stewart has occupied Metemneh. This lacks official confirmation, but is generally believed, as Stewart pushed forward with the greater part of his forces immediately after the victory of Saturday near Abu Klea Wells. It is highly probable also that all the rebels who have been stationed at Metemneh left that point to take part in Saturday's engagement, and it is thought unlikely that they rallied and made a stand at Metemneh so soon after defeat. The government telegraphed public congratulations to Wolsey and Stewart.

COMMENTS ON THE LATE BATTLE.

LONDON, Jan. 23.—European newspapers generally, in commenting on the recent battle near the Abu Klea wells, express the opinion that the expedition will lead to an English protectorate over Egypt, as it is unlikely that England will withdraw from Egypt after three expensive campaigns.

OTHER FOREIGN NEWS.

The Khedive to be Deposed—Egypt Is to be Occupied by Turkish Troops.

LONDON, Jan. 22.—The Pall Mall Gazette publishes, under reserve, what purports to be the text of an agreement between England and Turkey regarding the government of Egypt. The paper says that the agreement provides that Turkish troops shall occupy Egypt, with the exception of the ports of Alexandria and Damietta, Port Said and Suez, which England will continue to occupy; that Turkey shall undertake to maintain order in the interior after the capture of Khartoum; that England shall retain garrisons on the Red Sea, littoral, and abandon the Soudan to Turkey, and that Tewfik Pasha, Khedive of Egypt, shall be deposed, the Sultan of Turkey to appoint in his stead a Pasha who does not belong to the family of Mahomet Ali.

A NEWSPAPER'S OPINION.

COLOGNE, Jan. 23.—The Gazette, in a leading editorial on the relations of England and Europe, says: "The chief question is, whether England or Europe shall give way, whether they shall compromise their opposing claims. We are convinced that England will yield, if the verdict of Europe is given with necessary emphasis." The writer predicts a decadence of England's power. "Only let us show our teeth," the article continues, and England will surprise the world with her cowardice."

GERMAN AGGRANDIZEMENT.

LONDON, Jan. 22.—A special dispatch from Berlin says: German colonization is making rapid progress on the western coast of Africa. An official report was received to-day stating that the German expedition had formally annexed Oglet Brahim, in the Dobruka country, a few miles north of Senegambia. This action is understood to have been taken in pursuance to an agreement with France, which country has hitherto claimed a protectorate over this region.

A report of a more sensational character comes from Sierra Leone, to the effect that the German flag has been hoisted in the interior of that country, which has long been held by England. This news, if confirmed, may lead to serious complications with England, as she will probably be indisposed to give up any portion of the fertile colony of Sierra Leone, or allow the Germans an outlet to the sea through her coast possessions.

PARLIAMENT TO MEET SOON.

LONDON, Jan. 22. — Northcote in a speech at Biddeford this evening hinted that its was probable that there would be an early meeting of Parliament to discuss Egyptian affairs.

CONCESSIONS TO IRELAND.

LONDON, Jan. 22.—Sir Thomas Brassy, Member of Parliament and Junior Lord of the Admiralty, in a speech at Hastings this evening, said he believed a movement in the direction of local self-government for Ireland was imminent and important concessions would be made to Ireland.

A LECTURE ENDS IN A ROW.

BELFAST, Jan. 22.—Henry George lectured before the Belfast Land Restoring Society. At the conclusion of the lecture a disturbance was created. Great disorder ensued. A motion for a vote of thanks to George was stifled by the uproar. Chairs were thrown about and the gas extinguished. The hall was finally cleared by the police.

TRIAL OF ANARCHISTS.

PARIS, Jan. 22.—The trial of the anarchists connected with the Salle Levis riot has begun. The reporters of the Temps and Bataille were fined for refusing to give evidence.

TROUBLE IN ARIZONA.

Threatened Conflict of Authority Between the Courts and Federal Troops.

SAN FRANCISCO, Jan 22.—The Chronicle's Tucson special says: Judge Fitzgerald, on proper application this morning, ordered the Sheriff to put Berger, who was ejected from his ranch on the Papago reservation by Indian Agent Wheeler, in repossession of his premises. Sub-agent Hart and Lieutenant Mason, in charge of the troops on Berger's ranch, treated the order with contempt. The Court this afternoon issued an order to bring Hart, Lieutenant Mason and his command before the court. A conflict is expected, as it is believed the soldiers will not submit to arrest.

A Four-Handed Shooting Affray.

SONORA, Cal., Jan. 22.—A shooting affray occurred here about 10 o'clock last night, in front of the postoffice, between Sherman Wetmore and Thomas Richardson on one side and William and John Ryan, brothers, on the other. William was shot in the head and John in the neck. William has since died, but John's wound is not considered necessarily fatal. Wetmore is supposed to have fired the shots which took effect. He and Richardson surrendered themselves to the officers. The parties are all young men who were brought up here. The immediate cause of the row is supposed to be because William Ryan ordered Wetmore and Richardson out of his brother's saloon.

Corrupt Election Judges.

CHICAGO, Jan. 22.—It is learned tonight that the county special grand jury has voted to indict 255 judges of the recent election, for permitting carelessness and frauds through which the $100,000 appropriation for additional police was made to appear carried by a majority of fourteen thousand, when in reality the proposition was defeated by several hundred votes. County Clerk Ryan and Justices Scully and Kersten, who composed the canvassing board, are also to be indicted.

Missionaries for Africa.

NEW YORK, Jan. 22.—The Sun says: Bishop William Taylor's missionary party of Methodist, numbering over fifty men, women and children, start to-day for their field of work in central Africa. The party is the largest band of missionary workers that has ever gone to Africa. It enters with great cheerfulness and confidence upon a journey that the best explorers could not undertake without a vivid sense of difficulties and perils.

Severe Weather in Texas.

COLORADO CITY, Tex., Jan. 22. — A heavy snow storm is in progress. The weather for a week past has been very severe on cattle and sheep. If the storm continues the loss of live stock will be very great. Reports of losses are constantly coming in. Specials from Gainesville and other places in northern Texas report heavy rains to-day. It is freezing to-night. Cattle are dying rapidly.

Police Commissioner Hammond Ousted.

SAN FRANCISCO, Jan. 22.—In the case of Hinton against the Police Commissioners, the Supreme Court decided this afternoon in favor of the plaintiff. This displaces Hammond, one of the present incumbents, and establishes the power of the Governor to appoint.

Tin in Arizona.

PRESCOTT, Arizona, Jan. 22.—The returns from Prof. Hanks, of San Francisco, from samples of ore taken from the recently discovered ledge on Cave Creek, which was supposed to contain tin, confirm the supposition. The assayer states that the rock is rich in tin. The lode is said to be improving with development.

Severe on Dentists.

CARSON, Nev., Jan. 22.—A resolution was introduced in the House this morning to strike out of the State official oath the clause in which all officials must swear that they have never fought a duel, etc. It was voted down by a large majority.

GENERAL WASHINGTON NEWS

Woman Suffragists Still Battling for the Ballot.

WASHINGTON, Jan. 22.—At the secret session of the Woman's Suffrage Association to-day Mrs. Blake, Chairman of the committee on the plan of work, made a report, which was adopted, recommending that the women of the several States labor with their Legislatures for the passage of suffrage laws and mark every member antagonizing a measure in favor of women, in order to oppose them. Work before Congress for the passage of the Sixteenth Amendment is to be continued. The women in the several States are also requested to oppose the re-election of Senators and Representatives voting against woman's suffrage. The Vice-Presidents of the Association were requested to obtain, if possible, the passage of resolutions by their respective State Legislatures recommending to Congress the adoption of the Sixteenth Amendment. Among the addresses closing the session this evening was one by Laura De Force Gordon, of California.

DEATH OF JUSTICE MATHEWS' WIFE.

Mrs. Mary A. Mathews, wife of Hon. Stanley Mathews, Associate Justice of the Supreme Court of the United States, died this morning. The funeral will be held at her late residence Saturday morning and the remains will then be taken to Glendale, Ohio, and interred in the Spring Grove Cemetery.

The Senate remained in secret session two hours this afternoon, discussing the Nicaraguan treaty

ENLARGED SHEET.

FRIDAY, JANUARY 23, 1885.

THE Congressional bill creating the office of Assistant Chief Signal Officer, with the rank and pay of a colonel of infantry, the position to be given to Lieut. Greely, the heroic commander of the ill-fated Arctic expedition that bears his name, is a good measure and ought to pass. Gallant Greely deserves reward for his conspicuous services in Arctic research, and as there seems to be no adequate way of giving that reward except by the creation of a new place in his corps, we believe the country will applaud the passage of the pending bill. When it becomes a law, as we trust it will, we should like to see the Assistant Chief Signal Officer assigned to duty on the Pacific Coast, at the head of a branch Signal Office to be located at San Francisco—or Los Angeles.

WE make a motion that after General Hatch shall have expelled Oklahoma Payne from the Indian Territory, where he has been trying to become a poacher for these many years, the General be authorized and required to place the troublesome "boomer" on a reservation in Northern Alaska—say on the Kwichpak or the Tananah, or in the region of Kewigtowrnk or Pigmiktalik, or higher up on the Yukon, in the vicinity of Fort Yukon or Fort Reliance, where the mercury thermometer marks 60° below in the sun, and the mosquito legislature never assembles or has any bills presented to it. In this Arctic Acadia the Oklahoma Boomer and his adventurous followers can have the amplest scope in which to freeze up with the country.

WHEN Hendricks was making his campaign he gave prominence to the favorite Democratic doctrine that "to the victors belong the spoils;" in fact, he was hot after "them offices," declaring to his eager listeners that there were over 100,000 of them, and if he were elected every one of them should be filled by a Democrat. Now he meekly falls in with Cleveland's theories about the civil service, while "Old Saddle-Bags" (Joseph E. McDonald) openly declares his antagonism to Cleveland's notions. Hendricks is not an independent man; he is a time-in politics.

THE silver convention to be held in Denver on the 28th inst., promises to be largely attended by delegates from the silver-producing regions tributary to that city. Half-fare rates are offered delegates by the Union Pacific, Denver and Rio Grande and Denver and New Orleans railroads. California is not too far away to be represented in that convention, and in the absence of any nearer gathering of argentiferous sharps, the silver sections of the State might do well to secure for themselves representation at Denver. The time is now short, however, for action.

THERE is a joy-inspiring rumor abroad in the land to the effect that a new Mormon exodus is to take place *poco tiempo*, and that the region to which it is to be directed is a portion of the Mexican territory inhabited by "terrible Indians who have never been subdued." Let the exodusters stand not upon the order of their going, but "git up and git," to quote the condensed speech of the wild and unconventional West. The people of the United States will speed the parting and saintly guests with lively pleasure.

A CORRESPONDENT of the Chicago Inter-Ocean says Cassius M. Clay is now an old man, broken in health and heart by domestic troubles: "When this generous Kentucky liberator gave freedom to his bondmen, it created discord in his family, from which they have never recovered, and the separation between him and his wife has always been to him a dire affliction. Mary Clay, who belongs to the Woman Workers' Association, is a daughter of Cassius M. Clay, and devotedly sympathizes with her father."

THE insane wants of Santa Barbara are thus expressed by the Independent of that place:

Los Angeles appears to want an insane asylum. But this is really asking too much. We have always granted her the top round of the ladder in the new empire of Southern California. She is the capital, the metropolis. But Santa Barbara was especially designed by Heaven as a refuge for the dis-witted tribes of editors and others who need an asylum. If Los Angeles ever expects a proper vassalage on our part she will hand over the insane asylum without any more words.

THERE is a disputed boundary line between British Columbia and Alaska, which the government of the former country wants defined and settled. These British Columbian orators appear to be fearful lest the land-absorbing Yankees will spread out and occupy some of the *tundras* and ice-mountains on the Upper Yukon, lying wilhin the Arctic Circle, and go to farming on British "soil" by the light of the midnight sun.

CHARLES A. DANA and Joseph Pulitzer, of the New York Sun and The World, respectively, are in the hurling business. The are heaving heavy dornicks at each other with tremendous energy. At last accounts the man recently of the breezy and boundless West was a little ahead.

SAN JOSE has surrendered to Cogswell, the drinking-fountain fiend, and will permit one of his monstrous machines to be erected within her borders. Is the "Garden City" falling into the sere and saffron-hued leaf, that her power of resistance is thus lessened?

ST. LOUIS has 20,000 men out of employment and 8000 people dependent upon charity for their daily sustenance. This is a sad record for the metropolis of the Mississippi Valley.

ARROYO GRANDE, San Luis Obispo county, has a new weekly paper, the Register. Big Creek must be booming.

THE PACIFIC INSURANCE UNION

IS THE TITLE OF AN ORGANIZATION OR "compact" (so called) of all the foreign, Eastern and local fire insurance companies represented in the State of California, with the exception of three companies—two Eastern and one foreign. This association has been but recently formed—its object being, in the main, to sustain and foster fixed and arbitrary rates of fire insurance premiums, (or, as defined by Article 2 of its Constitution "The REGULATION of the BUSINESS of fire insurance;") with the ungenerous and avowed determination, however, to stamp out, if practicable, any and all fire insurance companies assuming to act independent of its constitution and by-laws.

The Transatlantic Fire Insurance Company,

OF HAMBURG (Germany),

Is not a member of the "Pacific Insurance Union," or in league with any board or association of fire insurance companies whatever, but will continue, as it always has done, to pursue an independent, prompt and conservative course in all its dealings with the insuring public, and to issue its policies at such rates of premium as may be mutually agreed upon and commensurate with the hazard, and when advisable, allowing liberal rebates or commissions. The patronage of the insuring public is therefore respectfully solicited for the Transatlantic Fire Insurance Company, which is an unquestionably reliable institution, and has been established for many years very successfully on this coast. It has a capital of $1,500,000, a large part of which is invested in the United States, and holds re-insurance contracts with eleven other well and favorably known European fire insurance companies.

To those who are interested in gaining beautiful homes in Los Angeles and adjoining towns I wish to say that it will be a pleasure to me to give them all the information in my power. I also keep a carriage constantly on hand to show property free of all expense to THOSE WHO WISH TO INVEST.

I make a specialty of Los Angeles city and county lands, and find that I have all that I can do. I also guarantee to represent property just as it is and at its true value. Property that is brought in for me to sell, and on which fancy prices have been placed, I do not take the trouble to show to my customers, as it is throwing away my time to do so, and time is money.

I also wish to say a few words in favor of the best residence property in this city,

Boyle Heights.

It is a place where ladies and gentlemen can go out driving during this rainy weather without danger of getting stuck in the mud; a place where those in search of healthy locations for homes may select their locations at once, without having to wait six months to do so; a place where the altitude is sufficient to bar all malarial diseases, and where a boat will not be required to get to and from the street cars during the rainy season; a place where the drainage is excellent, and where one can have a splendid view of the surrounding country, enjoy the beautiful sunshine and breathe the pure air direct from the ocean; a place where residence lots may be had at this time at a very low figure, but where, in a few years from now, for the reasons mentioned above, they will command a much higher price than lots in any other part of the city the same distance out.

All persons in search of desirable locations for homes at reasonable prices, and who desire to locate in a good neighborhood where the improvements so far are first-class, will find it to their interest to thoroughly examine this fine residence property. We have all the maps and prices of all the building lots and acre tracts on the Heights and are better posted on Boyle Heights property than any agents in the city.

We also have a very large list of ranches, from 5 acres upwards, at prices that those who wish to buy cannot find fault with.

HOUSES AND LOTS: Of these we have a very fine list. We can sell you new houses, hard-finished, of 4 rooms, water piped in house, for $900 and $1000, close to horse cars, ON THE INSTALMENT PLAN.

FOR EXCHANGE: We have quite a number of ranches that we can exchange for city property.

A Paradise for Homes!

An opportunity not equaled in Southern California to secure ten or more acres of the choicest land in Los Angeles county, with water right, is now offered to the public at prices, to those desiring to improve, fully forty per cent. lower than land similarly located.

THE PHILLIPS TRACT,

Of two thousand acres, all the finest sandy loam soil. Climate unsurpassed and location specially adapted to the orange and lemon; also elegant for vineyards. The character of the soil is such that all kinds of deciduous fruits and vines grow luxuriantly without irrigation. This fine body of land must be seen to be appreciated. It is located

Five Miles from Puente Station,

On the Southern Pacific Railroad, and eight miles west of Pomona, in a lovely, healthful valley, sheltered by the lofty Sierra Madres on the north, gently sloping south and west, and entirely free from fogs and frosts. This fine body of land has recently been subdivided by the owner and placed on the market by the undersigned in

LOTS OF TEN ACRES EACH,

At prices ranging from sixty-five to eighty dollars per acre, including ten shares of water stock with each ten acres. The terms will be made reasonable to parties purchasing and improving. There has already been twenty ten-acre lots sold. There has also been

A Town Located on the Land,

Named "COVINA," and quite a number of lots already sold. The price for lots, 60x175, at present being fifty dollars. A good school has been established on the tract. Parties desiring to see this land can be provided with conveyance from Puente Station. Broad avenues are laid out through the tract. This will undoubtedly become one of the most attractive places for homes to be found. In point of climate or soil it has no superior. For maps, prices, and full particulars, call on or address

We Bring Glad Tidings!

HEALTH! HEALTH! HEALTH!

Health Restored and Life Prolonged to Suffering Humanity by the most wonderful agents ever discovered.

DR. MYERS' GALVANIC CHAIR!

Galvanism, Electro-Magnetism, and other forms of electricity are now extensively employed in the best institutions of the world with the most flattering results. The Galvanic Chair is one of my own invention. And one of the best-constructed Electro-Magnetic Apparatus in use, with every necessary appliance for the treatment of various diseases. The patient receives no unpleasant shock, but a pleasant, soothing and steady current, which invigorates the whole system throughout. The chair is so constructed that I can give Hot Air, Medicated or Vapor Baths, which cleanses the skin and opens the pores, thereby relieving congestion and assisting nature to remove impurities from the blood. It has been said that cleanliness is next to Godliness, and the pores of the skin must be kept open or sickness and early death are sure to follow. With my chair I can sweat the most delicate patients day after day, and give them strength from each application. I do away with all debilitated, oppressive sensations of heat and shock, rendering the feelings of the patient most delightful. I equalize the circulation and tone and strengthen the whole system, from the brain and spine, through all the nervous ramifications of the various vital organs. I do not debilitate my patients to promote a cure, but from the commencement invigorate them.

I have cured hundreds of cases supposed to be incurable, and with my apparatus have thrown many into ecstacies over the beneficial effects of my treatment. I have given many a neuralgic sufferer occasion to rejoice, and have caused the haggard, downcast face of the dyspeptic to light up under the exhilerating effects of a vitalizing current of electricity sent down the pneumogastric nerve to the stomach, and I have caused many a rheumatic and paralytic to run and rejoice in the restoration of painful, contracted, stiff and withered limbs, and in all diseases I cause beneficial results which are wonderful. In making electricity as a therapeutic agent, I do not rely upon it to the exclusion of every other treatment, but I do claim that if properly applied as an adjunct, with a judicious system of medication, I can produce more and speedier cures than I can with either alone. Progressive science has exploded many old theories.

INHALATION.

I have just introduced a new treatment by inhalation, by which lung diseases and catarrh are cured speedily.

I HAVE NO ONE CURE-ALL,

nor do I make a hobby of any one mode of treatment. I use electricity or medicine, or both as cases may require. I believe in proving all things and holding fast to that which is good. I am aware that it is a positive fact that the majority of diseases are caused by impure blood, and the only way to promote a cure is to remove the poison and build up the system by requiring the obstructed excretory organs to do their proper duty. I find the cause, remove it, and nature, assisted by medical remedies properly applied, will promote a cure without fail.

I treat with success all diseases of the Throat, Lungs, Heart, Stomach, Liver, Head, Nerves, Kidneys, Bladder, Womb, Blood, Affections of the Urinary Organs, Gravel, Piles, Scrofula, Rheumatism, Catarrh, Bronchitis, Dyspepsia, Diseases of the Eye and Ear, etc.

TO THE LADIES.

To the ladies I would say: You whose sufferings have become intolerable, and who have suffered a thousand deaths from those diseases so common to your sex, give me a call, for I can cure you without fail, and make your lives once again worth living for. And all consultations will be strictly private and confidential.

YOUNG MEN.

To those young men who have suffered from year to year, and whose vital powers have become impaired and nervous system unstrung and broken down, and are suffering all the horrors from the effects of youthful follies, come and see me. I have a sure preventative of premature decay and early death. To those who, from indiscretion, have contracted private diseases and are desirous of being cured, come without fail, for I can guarantee you a speedy cure.

CONSULTATION FREE.

I invite the sick, no matter what their diseases may be, to call and investigate for themselves before abandoning all hope, for it will cost you nothing. I give no encouragement unless there is a fair prospect of making a cure. I will endeavor to be candid in my opinion, and reasonable in my charges. I claim not to cure everybody, but to cure all that can be cured. I am formerly from New York City, and a graduate of one of the best medical colleges in the United States, and a most thorough Electrician, and have had many years successful practice in the treatment of both acute and chronic diseases. To remove all doubts and convince my patients that I claim nothing but what I am, I refer to my diplomas and the numerous recommendations in my possession, which will always be ready for inspection at my office.

I have located permanently in this city, and all I ask is that you give me a fair, unbiased trial, by which I hope to merit your confidence and give entire satisfaction to all suffering humanity. My reputation has been acquired by candid, honest dealing, and years of successful practice. I know the cause and the remedy needed, not by guess-work, but by years of experience in the treatment of various diseases.

Those unable to pay for treatment will be treated free of charge between the hours of 8 and 9 a. m. only.

Consultations at my office, No. 44½ Solomon Block, South Spring street, between First and Second streets. Hours—From 9 to 12 a. m. and 1 to 5 and 6 to 8 p. m.; Sundays, 10 a. m. to 2 p. m. Patients can secure board and lodging in same building. I will personally answer all summons. All correspondents desiring an answer should enclose a postage stamp and address

Resolution accepting the improvement of College street. Adopted.

Resolution ordering payment for improvement of College street. Adopted.

SEWER COMMITTEE.

The Sewer Committee presented a report, as follows:

Pay-roll of men employed on sewers for week ending Jan. 17th. Referred to Finance Committee.

A recommendation that no further sewer work be done, either by assessment or out of the sewer fund, until it shall be determined under what law such work shall be done. So ordered.

Recommend that Superintendent of Streets stop proceedings in collection of the assessment on the Main-street extension sewer, and that the clerk return to Bell and Haskell their certified check. So ordered.

BOARD OF PUBLIC WORKS.

The Board of Public Works presented the following report:

A recommendation that the Supt. of Streets construct a culvert across Upper Main street at Virgin street, and across Fourth street, west side of Hope street. Approved.

A recommendation that the City Railroad Company be notified to construct a culvert under their track across Buena Vista street, on north side Bellevue avenue. Approved.

Recommend that petition of S. H. Slaught, for franchise, be denied. So ordered.

Recommend that petition of E. Gay & Co. be granted. Approved.

On petition of F. S. Graham and others, to have 120 feet, fronting on Hill street, graded at the intersection of Eighth street, a statement that one of the church trustees has promised to have the work done at once. So ordered.

On petition of N. S. Averill in relation to improvement of Hill street, between Court House and Temple streets, recommendation that the Superintendent of Streets proceed with the sale of the property alluded to and to go on with said improvements. Referred to City Attorney.

Recommend that Superintendent of Streets be empowered to construct culvert across Third street on west boundary of Fort street. Approved.

Request one weeks' further time on petition of Carmachael and others. Granted.

Recommend that Superintendent of Streets be empowered to construct crossing over Arcadia street on the east boundary of Main street. Approved.

Also that permission be granted property owners on Sanchez street to grade said street, under the rules, at their own expense, provided that the whole street from the Plaza to Arcadia street shall be graded at once. So ordered.

Recommend that the City Surveyo define lines of Ninth and Alvarad streets. So ordered.

On petition of J. E. Budington et al to have crossing laid over Bunker Hill avenue on the south side of Temple street, a recommendation that the Street Superintendent be instructed and empowered to construct such crossing. So ordered.

On protest of W. H. Mace and others against the acceptance of Orange street improvement a statement that in the opinion of the Board said work has not been done in accordance with the specifications therefor, except as to the curbings.

Recommend that the contractor be instructed to make the surface of the road-bed conform to said curb grades, and in other respects comply with the specifications. Approved.

Recommend that the Superintendent of Streets request the Board of Supervisors to have constructed a sidewalk in front of the county property, east side of Spring street and west side of Main street, between Market and Courthouse streets. Approved.

Recommendation that Board of Health abate nuisance in Arroyo de los Reyes. Approved.

A recommendation that the Superintendent of Streets take no further steps in the collection of assessment made on Seventh street, west of Pearl street, and that the City Treasurer return to property owners the sums they have paid in. Approved.

Contract between city and J. D. Campbell for changing specifications of new City Hall and jail.

Communication from D. D. Hayes in relation to steam fire engine, and in connection, the Mayor's message on the subject came up. The whole matter was indefinitely postponed.

COMMITTEE ON POLICE.

The Committee on Police reported on the recommendation in the annual message of the Mayor that criminals be segregated according to the degree of their crime, that, when the new jail is completed, such segregation will be possible. At present all is being done to that end that can be done. Filed.

In the matter of using prisoners' labor report that the Board of Supervisors have power in the matter, and recommend that a special committee be appointed to confer with the Board. Approved. Said Messrs. Velsir, Hamilton and Brown appointed as such committee.

COMMITTEE ON FIRE AND WATER.

The Committee on Fire and Water presented their report stating the substance of the petition of Wm. Lundberg to furnish the city with a complete system of fire alarm telegraph, including ten miles of lines and poles, fifteen alarm boxes, five gongs and all the other necessary appliances, for the sum of $7000. They also state that a system of fire alarm telegraph is an absolute necessity for the protection of the city. They further report that a paid fire department is unnecessary and would entail unnecessary expense on the city.

Report that satisfactory arrangements can be made with the Sunset Telephone Company for the use of their lines for the proposed fire alarm telegraph.

Endorse bill of H. Pryor for $3 for watching at the Orphans' Home fire. Ordered paid.

Mr. Wm. Lundberg was heard on the subject of a fire alarm telegraph. He made a brief statement of the advantages of his system, and said the expense would be much less if the Sunset lines were used. The report was referred back to the Committee, as it had not been signed by all the members.

Mr. Niles moved that the City Water Company be instructed to place hydrants at the junction of Main and Washington and Main and Twelfth streets. So ordered.

DAMA COMMITTEE.

The Committee on Zanjas recommended that the Nichols street ditch be piped and that the Clerk be instructed to advertise for proposals to do the work. Referred back to Committee to make further investigations and report next week.

Recommended that petition of W. H. Toler be filed. So ordered.

Recommended that the Clerk be instructed to advertise for proposals for cleaning out the tunnel in order that a survey be made. So ordered.

A recommendation that the Finance Committee provide $3000 for the annual cleaning of the zanja. So ordered.

Recommendation that petition of S. H. Slaught be denied. So ordered.

Recommend that petition of E. J. Post be denied. So ordered.

E. K. Green was heard on the subject of the water supply in the vicinity of Ninth street.

CITY ATTORNEY'S REPORT.

The City Attorney recommended that that the petition of Messrs. Botello and Steinbacher be denied. So ordered.

COMMITTEE ON PARKS.

The Committee on Parks recommended that the services of C. R. Short in connection with the East Los Angeles park be dispensed with, and that the $50 a month paid to Mr. Short be expended in improving the parks. So ordered.

Reported that M. Collins has been appointed Keeper of City Parks. Approved.

Recommend that the keeper of the parks be sworn in as a special policeman, also that the police occasionally visit the parks and prevent any disturbance of the peace. So ordered; and the Police Commissioners instructed to carry out the report.

RIVER IMPROVEMENT.

The Special Committee on River Improvement reported as follows:

A statement that the levees on the river have been completed to the satisfaction of the committee. Filed.

Recommendation that the City Surveyor make certain necessary surveys along the river. Approved.

Pay roll of men employed in river improvement. Referred to Finance Committee.

STREET IMPROVEMENT.

The Special Committee on Street Improvement recommended that the following named streets be graveled: Main from Pico House to Second street, Spring street, to commence at the junction of Main and Spring streets, thence south to Second street. The work is to be done in sections designated in the report and at the expense of the city and abutting property owners as follows: The city to remove the dirt to a proper depth for a road-bed, the work to be done by the city prisoners, and the soil carried and deposited on city lands near the river; the expense of constructing the road-bed to be paid by abutting property owners; the road-bed to be constructed of fine and coarse gravel.

Recommend that roadbed of streets be raised so that water will run off into the gutters, and that the Clerk advertise for proposals to grade said streets by sections.

Concurring report from Councilman Lambie, except that he recommends that roadbed be constructed of concrete and covered with asphaltum. On motion re-referred to committee.

MISCELLANEOUS BUSINESS.

Mr. Biscailuz moved that the Chief of Police hereafter bring all the city prisoners before Justice Austin, as, if taken before Justice Ranney, the city loses $3 in each case, the money, if the cases are tried before Justice Austin, going into the city treasury. So ordered.

Mr. Niles moved that Justice Austin be allowed a janitor at $3 a month. Lost.

On motion, a committee consisting of Messrs. Hamilton, Niles and Santee, was appointed to confer with the Supervisors on the scale bug pest.

On motion, Justice Austin was permitted to give the use of his room to the Historical Society free of charge.

A motion was made that the City Attorney be instructed to commence proceedings to secure the return of the Ninth street grave-yard property to the city. The matter was referred to the City Attorney and Land Committee.

On motion a committee to supervise the laying of pipe in zanja 9-E was appointed consisting of Messrs. Holbrook, Velsir and Lambie.

Ordinance declaring it to be a nuisance for any person or corporation to keep more than two cows in that portion of the city bounded by Main, Sixth, Bunker Hill avenue and Temple streets, and providing that if any person or persons violating such ordinance they shall be convicted of such offense they shall be fined not less than $10 or more than $100, or be imprisoned in the city jail for the equivalent period. Adopted.

Dr. Sinsabaugh introduced a resolution empowering the Chief of Police to employ legal counsel to defend him in the charges brought against him by the women Rawlins and Burlingame.

Some discussion arising as to the resolution, Dr. Sinsabaugh said it was about time to find out whether or not the city ordinances are to be overruled by thieves and prostitutes.

Messrs. Biscailuz, Day and Lambie opposed the resolution, saying that if the Chief of Police had got into a scrape he must get out of it at his own expense.

Messrs. Niles, Brown and Sinsabaugh strongly urged the Council to stand by the Chief in his efforts to carry out the ordinances of the city, and help him to reform the evils so long permitted to exist. Notorious characters are permitted to ply their vile occupations openly, and it is the duty of the Council to stand by its officials when they are doing what they believe is their duty. Referred to Police Committee, with power to act.

Mr. Niles moved that the City Attorney and Chief of Police be instructed to see whether some measure cannot be taken to abate the nuisance of the Club Theatre. So ordered.

On motion of Dr. Sinsabaugh the Superintendent of Streets was instructed to confer with the presidents of all city street railroads as to the neglect of the provisions of the ordinance requiring the space within the rails and for two feet on either side of such rails to be duly paved and macadamized.

PETITIONS, PROTESTS AND COMMUNICATIONS.

Petition of A. Brunson and others for permission to grade Fourth street in front of their property. Referred to Board of Public Works.

Petition of H. F. Spencer and H. T. Newell for a quit claim deed. Referred to Land Committee.

Communication from the city of San Jose, asking this Council to use all honorable means to secure the repeal of "an act to provide for the improvement of streets, alleys, lanes, etc." Referred to Committee on Legislation.

Petition of property owners on Hewitt street, asking that a certain nuisance in connection with the Gary-street school building be abated. Referred to Police Committee.

Petition of M. A. Botello. Referred to Land Committee.

COMPOUND OXYGEN.

THIS MEANS (1) OXYGEN, THE VITAL element of the air, without which no life can exist for a moment; (2) Nitrogen, the conservative and preservative element; (3) Magnetism, with which the O and the N are scientifically combined and intensified. And this gives us a curative agact without an equal, that contains three life-giving and health-preserving elements of nature's own selection and of universal application. A poet has named it, "Nature's Triple Elixir of Life," and a doctor has styled it, "Nature's Own Remedy for Many Diseases." It differs from medicines, (1) In that it is not a medicine in any sense, any more than the air we breathe or the electric fluid; (2) It differs from medicine in that, being inhaled into the lungs, it is absorbed directly by the blood and cures by a natural process of revitalization and cleansing; (3) It differs from medicine in that its sphere of action is universal, thus adapting it, as the reader will see, to most diseases of the human body; (4) It differs from all medicines or other remedies in that it has cured 75 persons out of every 100 who have taken it. It cannot cure, of course, where there is nothing to build upon. As thousands have testified, it cures Asthma, Bronchitis, Catarrh, Consumption, Nervous Exhaustion, Paralysis, and other nervous and wasting diseases, not to mention Scrofula, Dyspepsia, Neuralgia, Rheumatism, Female Diseases, Headache, Vertigo, etc., etc.

It affords us pleasure, therefore, to say to physicians and sufferers that Compound Oxygen is now manufactured at Los Angeles, Cal., the only place on Pacific Coast by Prof. E. L. Rigby, Ph. B., and treatments are furnished upon prescription or application.

Terms reasonable.

For Pamphlets, Testimonials, Terms, etc., apply to *Prof. Rigby*, Compound Oxygen Health Office, Roader Block, Los Angeles, Cal. jl4 1m

Prominent Mormons.

The Directors' car of the Utah Central Railroad passed through the city en route to San Francisco yesterday. The party of saints aboard consisted of President Taylor, of the Mormon Church, Bishop Sharp, F. M. Lyman, Erastus Snow, Moses Thacher and J. Q. Cannon. The party were returning to Salt Lake City, after having visited the Mormon settlements in Northern and Southern Arizona. While waiting for reports from some of the interior towns, President Taylor decided to take a run down into Mexico from Fort Benson. The party visited Hermosillo and Guaymas. It was this visit which gave rise to the report of a week ago, that the Mormons were looking up a location in Mexico, where a new Salt Lake City was to be founded.

An Artic Explorer.

Lieutenant Samuel McLenegan of the United States revenue steamer Corwin, is spending a brief leave of absence in Los Angeles. During the greater part of the last two years the Corwin was in the Arctic region. Lieutenant McLenegan was one of a party that left the Corwin on August 11, 1884, and went to the assistance of the crew of the steam whaler Bowhead, when that vessel was crushed in the ice off Point Barrow, the extreme northern point of the North American continent on the Pacific side. The Lieutenant has with him a number of Arctic views, taken when the Corwin was closed in by the ice.

Boyle Heights Oranges.

Mrs. S. J. Rulo, of Boyle Heights, exhibited at the TIMES office some of the most remarkable seedling oranges ever shown anywhere in the world. Indeed it is doubted if any place in the world except Los Angeles county can show such fruit. The lady left eleven oranges, the largest weighing two pounds and measuring fifteen inches in circumference. The display of beautiful fruit would delight our Eastern friends now living under frowning skies and amid banks of snow.

The Best Lighted

And best paved portion of the city will be the Childs tract. Six masts with electric lights are now going up and there will be 12,000 feet of first-class wooden sidewalks. Get maps and circulars at 273 North Main street.

Palm Garden.

To-night is ladies night at the Palm Garden. No smoking will be allowed. An extra programme will be given

ACCIDENT AT BALDWIN'S.

E. J. Baldwin Has His Leg Broken by a Carriage Upsetting.

On Wednesday afternoon, while driving a party of guests over his ranch, Mr. E. J. Baldwin's carriage was overturned and his leg broken just above the ankle. Mr. O. W. Baldwin and daughter, of Ottawa, Kansas, Miss Bangs and E. J. Baldwin were the occupants of the carriage at the time the accident took place. One of the springs broke, throwing the driver, E. J. Baldwin, to the ground. The horses made a sharp turn, upsetting the carriage, and landing the other occupants on the roadside. Miss Baldwin alighted among some brush and received an ugly cut on the cheek, extending from the corner of the eye downward. O. W. Baldwin fell on top of E. J., thereby breaking that gentleman's leg. Miss Bangs and Mr. O. W. Baldwin escaped without injury.

The accident occurred very near the house, and the two injured members of the party were carried there, and medical assistance sent for at once. Miss Baldwin's hurt proved to be more painful than dangerous, the cut not being a very deep one.

Mr. Baldwin's broken bones were set as quickly as possible. The physician attending him said that the gentleman would always be lame from the effects of the accident.

Yesterday morning Mr. Baldwin insisted on being taken to San Fracisco at once, where his wife is staying just now. He was conveyed to San Gabriel and there made as comfortable as possible in the Pullman. When he arrived at the depot in this city Dr. Widney was on hand and ministered to the wants of the patient until the train left. Mr. O. W. Baldwin and daughter accompanied the injured man to San Francisco.

Not a Commissioner.

Mr. George Rice stated yesterday to a TIMES reporter that he had not been appointed Commissioner of Immigration. Mr. Rice has for a long time been Secretary of the Board of Immigration, and at the request of the Board he consented to perform some of the duties of the Commissioner until a suitable man for the place could be found. The position was tendered Mr. Rice, but he declined. R. H. Hewitt, the old Commissioner, left the city in December, but he has not up to the present time resigned. He simply went to Sacramento to secure a government position without giving the Board intimation of his intention. At the Board meeting the salary of the Commissioner was changed from a fixed amount to a per cent. of the money he should receive by soliciting subscriptions — a measure which did not please Mr. Hewitt, and he left the city for Sacramento. Mr. Rice attends to the correspondence of Board of Immigration, and every day receives and answers a large number of letters of inquiry. Yesterday one hundred and twenty (the accumulation of two days) letters of inquiry were received.

Warner's Excursion.

Warner's January excursion, consisting of fifty members, arrived in the city at eight o'clock last night, being several hours late. A complete telegraphic list of the members of this party was published in the TIMES of Tuesday last. The excursion left Chicago nine days ago.

The train remote one day was spent at Kansas City and another at the Hot Springs near Las Vegas, New Mexico. At Winslow, Arizona, a delay of six hours occurred, giving the members of the party time to look over the lava fields near the town. The great majority of these excursionists are people who come with money to buy lands, establish businesses and to make California their home. Of the entire number that came west several went north from Mojave, twelve passed right on through Los Angeles, bound for Riverside and San Bernardino, and the remainder will remain in and around Los Angeles. Several of the party were out here last winter, at which time they bought land. The next excursion under the management of Mr. Warner will leave Chicago January 19th, and will arrive in Los Angeles January 26th.

AMUSEMENTS.

GRAND OPERA HOUSE.—The audience at the Grand Opera House last evening to witness the second performance of *Camille* was even less numerous than that of the previous evening. The play is evidently not a very strong attraction to theatre-goers of this city, notwithstanding the success of Miss Davenport's company in giving it a faithful representation. The change to *The Two Orphans*, which will be given this and to-morrow evening, will doubtless prove an agreeable one alike to the public and the company.

Pasadena Foot Race.

There will be a one-hundred-yard foot race at Pasadena next Saturday, open to all amateurs of Los Angeles county. A pair of club skates will be given to the winner of the race. Those who intend to take part will meet at Webster's Hotel at 1:30 p. m. and pick out their ground. The prize will be given by the Pasadena Social Club. Anybody can run who has never run before for money.

The Best Lighted

And best paved portion of the city will be the Childs tract. Six masts with electric lights are now going up and there will be 12,000 feet of first-class wooden sidewalks. Get maps and circulars at 273 North Main street.

Funeral of W. W. Spencer.

The funeral of the late W. W. Spencer will take place this afternoon at 3 o'clock from Brown's undertaking establishment, under the auspices of the Knights of Pythias and the Typographical Union.

Water Claim.

D. W. C. Franklin has filed with the County Recorder a claim to all the water, amounting to five hundred inches under a four-inch pressure, in Tejunga Canyon.

Marriage License.

Yesterday a marriage license was granted to Harry U. Jackson and Mary E. Hill.

Bismarck as a Judge.

Of Bismarck it is now related that when he was Assistant Judge at the Berlin City Court, in writing down the deposition of some individual, whose impertinence fairly exasperated the "touchy" student of law, he suddenly jumped up, and, in a voice of thunder, exclaimed: "Sir, behave yourself, or I shall put you out of the room." No sooner had he said the words than the presiding judge soothingly patted him on the shoulder, and mildly remarked: "My worthy young man, the putting out is *my* affair." Herr Von Bismarck went on with his task for a while, foaming inwardly, until another saucy rejoinder of the culprit brought him to his feet again with the classical threat: "Sir, if you don't behave yourself instantly, I shall have you put out by Herr Stadtgerichtstrath!"

A Color-Line War.

Washington Republican.]

John R. Lynch, who served in Congress and presided temporarily over the Chicago Convention last June, has, it is said, a subdivision of the color-line war right in his family. He is himself a very light mulatto, but has just married a girl named Ella Summerville, who is lighter yet, in Washington. The girl's sister, who works in the Government printing-office, frowned upon Ella for marrying a negro, and the funny upshot was the issuing of two sets of invitations to the wedding, one for the darker friends of Lynch to the ceremony itself, and one to the lighter friends of the girl to a reception afterward. The whole social world of color in Washington is naturally in a state of mind about the matter.

A Delicate Question.

Drake's Magazine.]

One afternoon as the Hon. W. C. Raines, a lawyer well known in Western New York, was traveling over the Central, he was approached by the conductor who was one of his innumerable friends, and who announced that he wanted his advice on a rather delicate matter.

"Well, what is it?" said the lawyer.

"Well, Mr. Raines, the fact is, there's a big, two-fisted fellow forward in the smoker that won't pay his fare."

"Well?"

"Well, what I want to ask you is: Had I better let him ride free or take a licking?"

LETTERS FROM THE PEOPLE.

[This is the TIMES-MIRROR'S Public Forum. Those who would contribute thereon must first give the editor their real names and be responsible for their opinions and statements.]

Miracles.

To the Editor of the Times—SIR: In the SUNDAY TIMES "A Seeker for the Truth" informs us that "from the pulpit of the Cathedral an offer of $1000" was recently made to any person who would name a single text in the Bible in which the first day of the week is called "the Sabbath." One of the priests of the Cathedral is then quoted as having said that "the Catholic church changed the Sabbath, and that it is a sign of the power of the church over the laws of God—it is a standing miracle."

Now, sir, in order to test the sincerity of such assumption, I have this to say: A church that has "power, even over the law of God," that can perform miracles, is not limited to a single exercise of that power. And if the Catholic church of Los Angeles will perform a veritable miracle, that is, annul or neutralize for the time being, a "law of God," by turning the Los Angeles river up stream, by causing a huge rock to rise into the air and sail off like a balloon, by bringing out a healthy and perfect limb on a stump from which a limb had been removed, by converting a known idiot into a philosopher, or any act of a similar character, any *actual* and *undeniable miracle*, I will give $10,000 to any Catholic institution in this town which Mr. Childs shall say is most deserving. I will give an equal amount to any Catholic priest who will demonstrate to the satisfaction of this community that he has any power whatever over any "law of God." And if these proposals are not accepted, as they certainly will not be, let us have done, not alone with such arrant nonsense, but also with such shocking blasphemy uttered in the name of religion. Is it not a travesty upon Christianity to assume that, wholly irrespective of the character and quality of its members, God has chosen a single church to be the medium of his truth and grace? Why does he not choose a single school in which alone the multiplication table can be learned, or a single plow and harrow by the exclusive use of which wheat can be raised.

The perfectly obvious truth is that it required miraculous power to substitute as a day for worship the first for the last day of the week, no more than miraculous power is required to adjourn a court from Saturday till Monday.

Once more, the Catholic Review of the 3d instant contains the following charge against the moral character of God: "Remember that children sent into the other world without baptism are lost forever." If the Catholic Church has "power, even over the law of God," instead of bothering its brains with the immensé (!) difference between the first and last days of the week, will it not see that the "law of God" under which unbaptized children, dying, "are lost forever" is abrogated at once, or absolve the human family from all obligation to God. Why trouble ourselves in regard to the brutality and crime of cruelty to animals, while in an endless hell the infinite God is punishing little children for what Adam did thousands of years before they were born? How long must reason and our finest moral instincts be insulted in the name of a holy and loving God and a divine religion?

COMMON SENSE.

OUR UNKNOWN NORTH.

Alaska's Secrets Being Revealed by Constant Research.

Cincinnati Times-Star.]

There are indications that our Northern possessions, which have heretofore been practically a sealed book to the people of this country, are to become better known to us. The appointment of territorial officers for Alaska seems to have already stimulated research and adventure in that hitherto unknown country, and there are very likely to be some very interesting, if not startling developments. A telegram received here from the commander of one of the revenue vessels in those waters states that his vessel has just returned from some explorations in what have been hitherto almost unknown regions of Alaska, and that the discoveries are of a very valuable and interesting nature. A letter just received from San Francisco gives some particulars of the arrival of Captain Healey there from a tour with a revenue vessel in that section.

He rescued a party of starving miners and the crew of a wrecked whaler far at the north, saving ninety-eight persons from a horrible death. He sent a boat a distance of three hundred and fifty miles up the Kowgat river, a stream hitherto little explored, obtaining some very valuable information about the people, gathering valuable specimens of minerals, plants and birds. He explored and photographed a large and valuable island near Bogaslov, captured and destroyed a lot of liquor which whalers and illicit traders were preparing to sell to the natives, and finally made a trip far north to rescue the crew mentioned, encountering ice worse than any that Schley found in his trip north, and in spite of the fact that he was twenty-three days in an almost constant fog, he dropped anchor within a few rods of the spot he had started to make on hearing of the suffering crew. It is expected that between the stimulated spirits of exploration the appointment of these territorial officers has awakened, and the reports of these officers themselves, the people of this country will get within the next few months more information about this distant country than they ever had before.

The Best Lighted

And best paved portion of the city will be the Childs tract. Six masts with electric lights are now going up and there will be 12,000 feet of first-class wooden sidewalks. Get maps and circulars at 273 North Main street.
